PROFESSIONAL EXPERIENCE

Full Stack Developer | Otomatiks

Apr 2024 - Present

Worked with clients across corporate, education, and other sectors

- Designed and developed full-stack web applications using Django, Flask, and ReactJS, ensuring scalable and maintainable architecture.
- Built responsive and high-performance user interfaces with ReactJS and Next.js, optimized for SEO and cross-device compatibility.

- Developed RESTful APIs and backend services using Python (Django/Flask) and integrated them with frontend components.
 - Led client requirement discussions, translated business needs into technical solutions, and collaborated with design and digital marketing teams.
 - Managed project lifecycles from development to deployment, ensuring quality, performance, and timely delivery.
-

Front-End Developer | Adventure Technology Solutions Private Limited

Jan 2022 - Feb 2024

Built and maintained responsive, mobile-friendly websites for corporate clients using HTML, CSS, and JavaScript while collaborating with full-stack teams.

Electrical Maintenance Engineer | Aqua Sub Engineering / Texmo

Mar 2021 - Nov 2021

Powerhouse Maintenance: Maintains and troubleshoots electrical systems in powerhouses for reliable operation.
